

Pom-Pom wreath

by Jana/janukke

For this wreath you will need: Many pom-poms, pins, a thread to hang up the wreath and a polystyrene ring – it's optimal if it is cut in half so that one side is flat.

Merry Christmas!

And this is how it's done:
Attach pom-poms with pins to ring so that they cover it completely. Hang it up with the thread you put aside.
Enjoy your Advent wreath!

Have a very merry Christmas!
